Miss May Knox, of the Gazette office, will leave for California next Sunday morning to be absent a month.

THE FAIR.

A Great Day at the Track Yesterday.

Yesterday was a "field day" at the track. There was an immense crowd present, and every available seat in the grand stand was occupied.

The riding of the ladies was again highly complimented. Miss Winters and Miss Noyes did not put in an appearance on account of sickness, but Miss J. Kempler, one of the Kempler sisters, made her appearance on the stretch, and her graceful riding was admired by all. She does not compete for a prize, because she took the first prize in 1885. The ladies will ride to-morrow, and do some hurdle jumping, after which the prizes will be awarded.

The balloon ascension was a perfect success, delighting old and young. The third and last ascension will come off to-morrow.

The Indian pony race was as funny as usual.
The bicycle race was contested for by ten wheelmen, and Bob Davis and the two Thaxter boys took all the prizes, whereat Carson smiled, and Reno choked up.

The 3 in 5 trot was another victory for Carson, Hattie S. winning the last three heats, Jack, the Reno horse, only taking the first heat and William P., the other Reno horse, being distanced in the second heat.

The three-eighths and repeat was won by Sleepy Dick in two straight heats. Time 35 and 36 1/4. Lookout came under the wire ahead in the first heat, but was disqualified by the Judges for fouling Dick by crossing and jostling, in violation of rule 71.

To-day there will be a five-eighths dash between Lady B., Panama and Clara L. Also a seven-eighths dash between Avondale and Lige Clark. Next a buggy race between General, Ridley and Charley. Then there will be a fast race between Wallace G., Prince and Pocatolas. And then an exciting race between Ned, to cert, Clara G., Franklin and Sensation.

The stock parade will take place at 10:30 sharp.

LYNWOOD.—A large and fashionable audience greeted the Webster-Brady Co. last evening, at the Nevada Theatre. "Lynwood" is one of the best of modern plays and admits of strong and powerful acting. The leading role, that of "Victor Blouchard" was well played by Geo. P. Webster. His performance of the character was excellent and merited the hearty applause bestowed upon him.

Wm. A. Brady, as the erratic newspaper correspondent, "Carter," was also excellent. This part is not as strong as the previous ones heretofore attempted by Mr. Brady, but nevertheless it was brought forth to the front by his humorous conception of the character. Mr. J. W. McConnell in the part of "Dudley Middleton" was seen to better advantage than on the previous evenings and sustained his part with vigor and strength.

Miss Charlotte Tittel again surprised the audience by her powerful acting of "Lucille." From the start she was possessed of the sympathy of the audience. Miss Laura Biggar looked and acted charming as "Gay Carlie" and her songs received a hearty encore. The part of "Kate Wilmart" was well played by Miss Margaret Marshall. To-night that great New York and London success, the "Lights o' London," will be produced. Special scenery for this production is carried by the company.

THE BALL TO-NIGHT.—The party given by Reno Division, No. 2, Uniform Rank, Knights of Pythias, given at Armory Hall this evening, will undoubtedly be the largest party ever held in that hall. With Pete Evans, as Floor Director and Lisle Jamison, G. E. Hyman, C. D. Williams, S. J. Hodgkinson and G. R. Mosher as assistants, the visitors from abroad can rest assured of a good time generally.

The music will be furnished by the full Reno Orchestra of twelve pieces. This orchestra will play all the latest music, and in a manner that will astonish those who have not had the pleasure of listening to them. The price of tickets are \$1.50, and will admit one gentleman and as many ladies as he desires to bring. The Knights are anxious to see everybody present, and will do their utmost, as usual, to make all enjoy it.

CALIFORNIA FRUIT.—The fruit trains that daily pass through Reno for the East, causing the overland to be late nearly every morning, are in demand in the East as will be seen by the following dispatch from New York, dated the 26th: "One of the largest auction sales of California fruit that has been held here for several weeks took place to-day. The fruit consisted of 900 boxes of Tokay grapes, which arrived in excellent condition. Considering the fact that large quantities of grapes are being received daily from vineyards near at hand, the prices obtained were excellent. The grapes readily sold at prices ranging from \$1.10 to 1.70 a crate."

THE FAVORITE LOST.—The Indian race was one of the events of yesterday. The boy who was the favorite lead the band, and would have been the winner had not his horse taken fright at a dog and doffed the rider. Had the boy as quickly mounted his steed as he hunted for a stone to avenge himself on the canine, he would not have lost the race. The managers will give him an award for what he did do.

SPECIAL PRIZE.—The Carson District Fair, which opens next Monday, offers a special prize of \$100 for the Ladies' Tournament. This is free for all, two or more to enter. This is a liberal offer and should bring out quite a number of our lady riders.

BREVITIES.

The Anti-Debris Association has refused to allow Sierra county miners to resume operations.

Jack Williams, an old conductor on the C. P. B. R., now a merchant of Truckee, is doing the Fair.

Geo. Dougherty started for Susanville yesterday, so as to be on time for the Fair there next Monday.

W. S. Bonfield, one of Winnemucca's leading lawyers, came to the "Athens" of Nevada last night.

The next session of the Sovereign Grand Lodge, I. O. O. F., will be held in Los Angeles, Cal., September 18, 1888.

Many citizens of Truckee came down on the morning train to view the many exhibits at the Fair grounds and Pavilion.

The ordinance providing for the expenditure of \$1,000,000 in a sewer system, passed the Los Angeles City Council.

The President has appointed Whitaker M. Grant, of Iowa, to be the Attorney of the United States for the District of Alaska.

The large stables and barn of the Virginia Water Co. was burned Tuesday evening. The loss was between \$4,000 and \$5,000.

The Chicago, St. Louis and Philadelphia baseball clubs have agreed to play a schedule of games in San Francisco this winter.

H. B. Maxon, formerly of Reno, has been re-elected Grand Chancellor of Arizona, by the Order of Knights of Pythias of that State.

Mr. S. E. Strickland, Special Agent of the San Francisco Board of Trade, passed through here yesterday en route to Alturas, Modoc Co., Cal.

Commercial Row, between Virginia and Center streets, presents a lively appearance at night, as most of the many games are to be found there.

Charles Washem arrived from Arizona this morning, and will take charge of the Western Union Telegraph Office, of Reno, vice, Harry Galloway.

In the great yacht race at New York, Tuesday, the American yacht, Volunteer, beat the Scotch Thistle easily. The next race will be sailed to-day.

Within the next few days Charles Dickens will leave London for America to give readings from his father's works in the leading cities. He is an excellent public speaker.

Three cars loaded with Carson's substantial citizens, headed by the Carson City brass band, came up to visit the Fair yesterday morning and returned last night at 10 o'clock.

Nearly all of the band of Indians that participated in the race at Agricultural Park, Sacramento, last Saturday, left for Stockton Sunday morning on horseback or in wagons, leaving only a few to go by rail.

J. D. Torreyson, Secretary of the Ormsby District Fair Association, advises for five lively coyotes. He says that the bigger they are the more acceptable they will be. The animals must be in Carson by Monday or Tuesday next.

The Consolidated California and Virginia mail will start twenty additional stamps and ten extra pases Wednesday night. This makes forty stamps and twenty pases now running on Consolidated California and Virginia ore, under the Boas process.

The Eureka, Nov. Sentinel says: The jingle of a half on a Eureka bar these days causes somnolent bar-keepers to turn a double somersault. Jackson says he can hear the thundering sound of a short bit if dropped on velvet. Likewise it is music to his ear.

A private letter from New York received here, says that Dickie Jose has made a more decided hit with the New Yorkers who attend Lew Dockstader's popular little theater, than he made last year, receiving numerous encores for his new song which has "caught on" even more favorably than "Pap's Foot-steps."

YOM KIPPUR.—Tuesday evening our Hebrew fellow-citizens commenced the observance of the solemn fast of Yom Kippur, or the Day of Atonement, the most important and the most generally observed of all the holy days prescribed by the Mosaic law. In modern times association and competition in business with people of other faiths, has compelled the Jews, especially in this country, to partially disregard the strict observance of the Jewish Sabbath and some other distinctively Jewish holidays, but the observance of this day is almost universal. From sunset Tuesday evening to midnight yesterday, every Hebrew religiously abstained from all labor, their stores and places of business being closed, and during the same time they observed a rigid fast, neither eating nor drinking. The date of the fast is the tenth day of the seventh month, according to the Jewish calendar, commencing on the evening of the ninth day and extending until the night of the tenth after the stars have made their appearance. Tuesday evening is called Kol Nidrai, from the first words of the Hebrew prayer, the chanting of which in the synagogues announces the commencement of the Day of Atonement.

THE VISITORS.—The few arrests made speaks well for the visitors to the Fair. Thus far there have been fewer persons "taken in," than at times when the town is not crowded. This is evidence of the fact that the very best citizens of Nevada are interested in the exhibits, and that the results of the observations during the ten days of the Fair will have a salutary effect on the prosperity of the State.

BOOM FOR VIRGINIA.

Getting Down to its First-Buildings Going Up and Down.

Virginia City is fast "getting down to its size," says the Enterprise. There has not been so much improvement and rebuilding going on for ten years.

During bonanza days many first-class residences were put up by men who made money easy—men who thought they would always make money easy, but who were "rounded up" with a short turn all the same. Not a few of those men are now regular trotters on Pine street, San Francisco, and peddle points on stocks like fish peddlers cry their wares—they know all about stocks. They will never forget them.

Some of the evidences of wrecked fortunes which they built have been torn down and hauled away to neighboring ranch pieces; the frugal stockman or rancher would bring in a load of farm truck and take out one of the palatial residences. But the bulk of them remain, and this year they are being remodelled to meet the demands of our diminished expectations.

A large dwelling house, lodging or boarding house generally furnished lumber for two handsome cottages, and it takes three or four small houses to make a neat dwelling house. A great deal of the second-hand lumber is even better than new, as it is thoroughly seasoned, and a nail once driven in a scantling of this kind stays there, while it will pull out of new timber.

The average saving effected in buying old houses to build new—counting all costs, and deducting the lumber saved for firewood, etc.—is about 25 per cent. and when the house is up it is just as good as though built of new lumber.

While a great deal of this kind of pulling down and rebuilding has been done this season, only a slight impression of what can be done towards the improvement of the town in this manner has been made.

The last work started in this line is by Charles Kuiser, a miner at the Jacket, who has torn down his own dwelling, at the head of Taylor street, and is rebuilding it in an enlarged and modified form, on A street, near Taylor. It will be a handsome residence, twenty-seven by forty feet.

On Stewart street five or six cabins are being taken down, with which to build additions to houses and to build outhouses and fencing.

John S. Weir has put up two large cottages, on South C, out of the Leahy boarding house, which was near the Ophir.

The sound of the hammer is heard in the land, and carpenters are glad they learned the trade.

MIRACULOUS ESCAPE.—Tuesday night, as the State Fair excursion train was making to stop at Mound House station, Nick Andrews, an employee of the railroad company, who is about fifty years of age, walked out of a cabin some 300 feet below the depot, and in an aimless, sleepy, dreamy way walked right in front of the approaching train. He was in his shirt-sleeves and had a pair of slippers over his bare feet, as though he had been lying down a few minutes for a rest. The pilot of the engine caught him full in the left side, and carried him fully 500 feet before stopping at the station. Those who witnessed the accident looked to find the man in all directions, but they were soon attracted to the pilot by his cries. They picked him off his perch apparently sound, but the shock had left him barefooted and hatless.

NEW BRANCH COLLEGES.—The Board of Directors of Southern California, has advertised for propositions to build new branch colleges. The first of these is the Freeman School of Applied Sciences, to be built at Ingwood, with an endowment of \$600,000; the second is the Academic Department of the Los Angeles College, with an endowment of \$100,000; the third is the Ventura University at Montario, Ventura county, with an endowment of \$200,000, and the fourth is the Woman's College at Glendora, near Azusa, with an endowment of \$200,000.

HELPING THE BOOM.—It is announced that the Southern Pacific will soon spend two million dollars for additional roads and buildings in Southern California. One is a line from Cotton to Brookside, through San Bernardino, Redlands, Crafon and Sagonia, and another is the extension of the spur track to Blaver mountain, through Agua Mansa to Riverside and South Riverside. Another is a short line from Cotton to Pigeon Pass, and through a tunnel to San Jacinto valley.

THE IMMENSE TRAVEL.—The Central Pacific is so overtaken with the immense west-bound business that the overland train from Ogden has to be run in two sections. The company is seriously considering the matter of running an extra daily train to accommodate the traffic. If General Manager Potter, of the Union Pacific, will put on a train to connect at Ogden, the Central Pacific will run the two daily trains. This is an indication of the widespread interest which is now being taken by residents of the East in this State and coast. All over California hotels are being erected to accommodate the thousands of tourists and homeseekers who will visit the coast during the next few months. If the second train is put on it will probably be the Reno local train run clear through. This will be a much needed change as it is almost impossible for the overland trains to make time now, being so heavily loaded.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb 21-aw 6-11

BEATS THE LOUISIANA LOTTERY.—For the next sixty days all those who purchase one dollar's worth of groceries at Havenor's Cash Store will receive a ticket in a drawing for a fine gold watch. This is certainly a liberal proposition and all groceries sold at this establishment are fresh and of the best quality, and are disposed of at the lowest retail price. All goods are warranted and if not as represented the purchase price will be refunded. Go and take your chances in the watch.

The people of Reno and vicinity are now offered a good opportunity to have an excellent portrait made of any style or size, and at very moderate prices. Attention is called to my display of pictures at the pavilion. Studio over Sunderland's shoe store, Virginia street, J. B. MONACO, Artist.

What Is It
That produces that beautifully soft complexion and leaves no trace of its application or injurious effects? Watson's Roborant accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warrenton's hair restorer and hairbrush. S. J.
